The Catalyst has said they have a policy of no censorship. It's hard to believe they would allow people to call for the death of African Americans, Jews, Latinos, Asians or any other minority other than Lesbian, Gay, Bisexual and Transgender people. Free speech is good, being responsible about the values you promote is essential. As a community we need to stand together and fight all forms of intolerance and hatred whether shouted, chanted or sung to an appealing beat. Hatred has consequences and we must stand together.

Step up inna front line (Step up to the front line)

Sodomite and batty bwai mi seh a death fi dem (Sodomite and queers, I say death to them)
Mi no trust babylon fi a second yah so (I don't trust Babylon for a second)
Mi a go shot batty bwai dem widdi weapon ya (I go and shoot queers with a weapon)

Less than a month ago, a young man from Santa Cruz was called a "faggot" and became yet another statistic. He was struck in the face and sustained fractures in several places. This was on King Street, in our community. Now the Catalyst is bringing Sizzla to perform this Sunday. While we all agree that free speech is valuable, this is someone whose British tour was cancelled because the government wouldn't let him in; an entire reggae festival in France was cancelled because of his hateful lyrics; and a major music festival in Jamaica this summer was fined a reported \$20 million by its sponsor for the hatred heard from their stage. On May 17, 2004, Amnesty International released a report documenting Sizzla and other reggae stars abusing and threatening to kill gay men.

We Will Not Stand Silent in the Face of Hatred

Tell the Catalyst that it is WRONG to profit from hatred...even if it's only the gays...
